

Butadiene

The main raw material to produce latex, synthetic rubber, resin, adiponitrile and other products.

Specifications

Mass fraction of butadiene-1,3, %, \geq	99.50
Mass fraction of alkynes, mg/kg, \leq	10
Mass fraction of vinyl acetylene, mg/kg, \leq	5
Mass fraction of 4-vinylcyclohexene (VCG) mg/kg, \leq	100
Mass fraction of water mg/kg, \leq	20
Mass fraction of inhibitor, para-tret-butylpyrocatechin (TBC), ‰	Determined by parties
Mass fraction of carbonyl compounds, %, \leq	10
Oxygen content, %, \leq	0.2
Mass fraction of peroxide compounds, %, \leq	5

Transportation

Shipment in sealed gas tankers
